6. REPORTS OF MEETINGS ATTENDED

None attended.

7. MATTERS OF INTEREST RAISED BY MEMBERS

7.1 Highways issues.

- **High Terrace, Glaisdale – gulleys on south side of C56 are blocked causing overspill to run down road. This will create an ice hazard if not dealt with before winter conditions return.**
- **Fryupdale – gulleys and drainage ditches require clearing throughout the dale head and on Bainley Bank. These facilities have not been maintained for some time and in places are completely blocked with vegetation and debris. This also causes overspill onto roads and creates severe difficulties for motorists in the winter months when the run-off freezes.**

7.2 Street Lamp reports.

- **S10 – Lealholm Bank – lamp not lit.**

- **DATE OF NEXT MEETING : Will be on Thursday 18th July 2013, commencing at 7.30pm, and will be held at The Robinson Institute, Glaisdale.**
